EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Raulerson on September 7, 2004.

The application has been amended as follows:

A) Cancel claims 3-6.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the remarks sent on 06/30/04 are convincing. The prior art fails to disclose, in combination with all the limitation of the base claim, a power generation stop terminal for interrupting the on-off control switching section and that the power generation stop circuit controls the power generation stop terminal to stop the power generation of the vehicle generator instantaneously when the off detection circuit detects the turning off of the vehicle key switch.
